(d) Salmon roe	\$ 95	\$ 95	\$ 70	RCW 77.65.350

(2) A salmon charter license designating a vessel is required to operate a charter boat from which persons may, for a fee, fish for salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW [77.70.050](#).

(3) A nonsalmon charter license designating a vessel is required to operate a charter boat from which persons may, for a fee, fish for food fish other than salmon, albacore tuna, and shellfish.

(4)(a) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use in those state waters set forth in (b) of this subsection. "Charter boat" also means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use in offshore waters or in the waters of other states. The director may specify by rule when a vessel is a "charter boat" within this definition.

(b) A person may not operate a vessel from which persons may, for a fee, fish for food fish or shellfish in Puget Sound, Grays Harbor, Willapa Bay, Pacific Ocean waters, Lake Washington, or the Columbia river below the bridge at Longview unless the vessel is designated on a charter boat license.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not take on or discharge passengers for any purpose from any Washington port, the Washington shore, or a dock, landing, or other point in Washington. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred dollar enhancement surcharge, a thirty-five dollar surcharge to be deposited in the rockfish research account created in RCW [77.12.702](#), plus a one hundred five dollar application fee, in order to be considered a valid renewal and eligible to renew the license the following year.

LICENSE APPLICATIONS

Application for commercial fishery/specialized licenses must be completed in full including the type of license being applied for. Signatures of license owners are required. Incomplete applications will not be processed until all license criteria/qualifications are met. Applications submitted in the name of a corporation must provide a copy of those portions of the corporation papers that show the state seal, the corporation name, and a list of the current corporate officers. Only those individuals listed as corporate officers will have authority to sign for license renewals, or be designated as primary operator.

REGULATIONS AND SEASONS

It is your responsibility as a member of the fishing/wildlife industry to know what regulations are applicable to that segment of the industry in which you are engaged. For information on regulations or seasons contact the Enforcement Division at (360) 902-2936.

SPECIALIZED LICENSE CARDS

Specialized license cards must be in your possession while engaging in the activity for which the license is issued.

FISHERY LICENSE CARDS

Fishery license cards must be carried on the designated vessel while fishing. All commercial/charter fishing vessels must have a designated operator present. A license for an alternate operator may be obtained upon receipt of application and fee. Only those operators designated on the commercial fishery license card may sell catch to a licensed wholesale dealer. Commercial fishery license cards must be presented to the wholesale dealer or fish buyer when you sell your product. All operators, including the primary operator, are required to possess an operator license. Alternate operators must complete an alternate operator application and return it along with the appropriate fee to the Department for processing. Primary operators will be issued a complimentary operator license when the fishery license is issued. Only the license owner may be designated as the primary operator. A primary operator card does not allow that person to be designated as an alternate operator on a license which they do not own, that person is required to purchase an alternate operator license.

Vessel Designation Decals

If a vessel is designated on more than one fishery license, only one set of designated decals will be issued the vessel. Decals should be mounted on a CLEAN surface directly on each forward side of the vessel.

Sale of Product

In order to sell your catch to any person other than a licensed wholesale dealer/fisher buyer, you must be licensed as a wholesale dealer yourself and complete the proper fish receiving ticket before offering your catch for sale.

Requirement of 10 Inch Numbers

According to Washington Administrative Code 220-20-051, every vessel designated to participate in a commercial fishery or to deliver food fish and shellfish must have the official Coast Guard documentation number or complete state registration number permanently displayed in ten inch (10") tall numbers, or letters and numbers, of proportionate width, clearly visible from each side of the vessel. It is unlawful to participate in a commercial fishery or deliver food fish or shellfish without having such numbers displayed.

Examples: Coast Guard Document Number 123 321
State Registration Numbers WN 000 XX

NOTE: This requirement does not apply to salmon guides, salmon charter, fishing guide (game fish), or non-transferable emergency salmon delivery licenses.

Evidence of Vessel Ownership

Each commercially licensed fishing vessel must have a copy of its state vessel registration or Coast Guard documentation papers showing that the vessel is used for commercial fishing on file with this office. No initial license issuance or vessel designation change will be processed without current documentation. Please check the expiration date on the papers of the vessel designated on the license. The state registration or Coast Guard documentation papers' expiration date must be beyond the date you are applying for the change.

License Ownership Transfers

Commercial fishing licenses are non-transferrable unless specified by Washington Law. Moratorium licenses vary in transfer rights. Call the License Division at (360) 902-2464 for assistance and transfer application.

Limited Entry Fishery Licenses

The following licenses have qualifying criteria in accordance with moratoria legislation: salmon fishery, salmon charter, sea urchin dive, sea cucumber dive, Dungeness Crab - Puget Sound, Puget Sound whiting, herring, ocean pink shrimp, Dungeness Crab - Coastal, Puget Sound Shrimp Pot and Puget Sound Shrimp Trawl.
